

Dear <<First Name>>,

It's OFFICIAL.

Oviatt House Incorporated (OHI) is proud to announce it is officially a nonprofit with tax-exempt status under Section 501(c)(3) of the United States Internal Revenue Code.

OHI is now eligible to apply for government and foundation grants, broadening its access to resources and enabling restoration work to begin on the historic Oviatt House located in Richfield Heritage Preserve in Richfield, Ohio. In addition, this nonprofit status enables OHI to accept monetary donations that are fully tax-deductible.

Receiving nonprofit status is a major milestone for our organization, enabling us to fulfill our mission of restoring and preserving this historic landmark. This designation opens many doors for us to expand fundraising activities, enabling us to meet our goal of \$250,000 to complete the restoration.

Donations are being accepted to aid the restoration efforts. One hundred percent of the money collected goes towards OHI's efforts to preserve and restore this historic landmark.
